ABOUT US

At Intelligent Entertainment, we turn visionary ideas into immersive indoor entertainment experiences. Since our founding in 2014, we've grown from our roots with "The MindTrap" Escape Rooms in Greece to become a global innovator in the industry. Our reach now spans over 80 partners across Europe, the USA, Asia, Australia, and Africa.

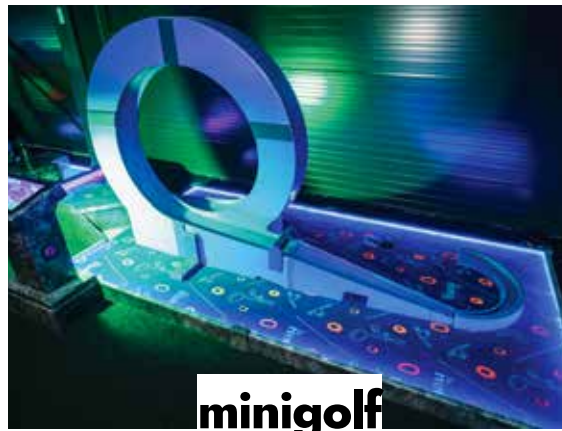

Operating out of our 3,000m² factory in Thessaloniki, Greece, our team of skilled professionals - from carpenters and engineers to artists and designers - crafts exceptional entertainment solutions. Leveraging state-of-the-art machinery, we produce everything required for turnkey entertainment solutions, from escape rooms and mini-golf courses to mission games and custom indoor experiences.

As a leading global escape room supplier, we are committed to creating unforgettable experiences that redefine entertainment and competitive socializing. Join us as we continue to revolutionize the indoor entertainment landscape.

Theme Solutions

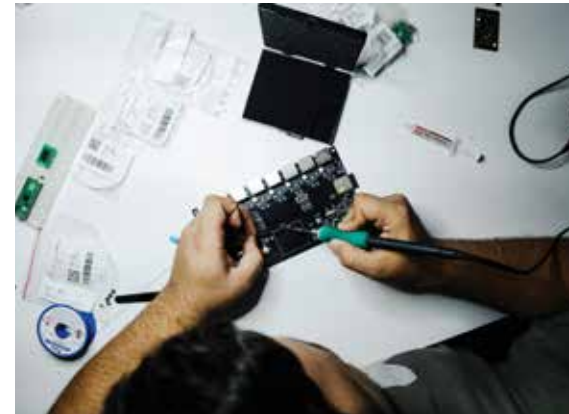

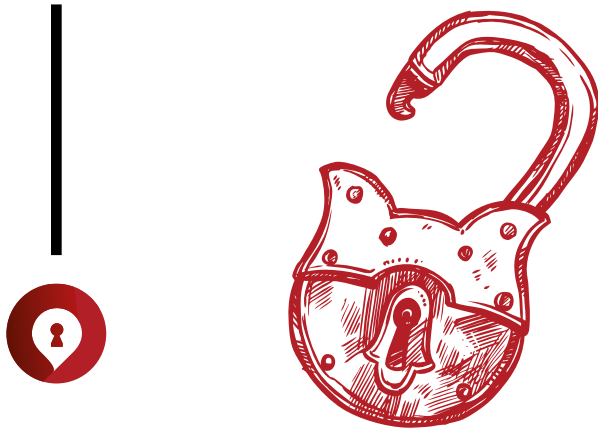

At Intelligent Entertainment, we specialize in creating unique and immersive themes for escape rooms. Our talented team of artisans and designers brings boundless creativity to every project, crafting environments that fully transport players into different worlds. From carefully crafted props to expertly designed lighting and sound effects, we ensure every detail contributes to an unforgettable experience. Whether it's a Styrofoam castle wall or an MDF wood vintage train design, our theming captures the essence of each adventure, surrounding players with a rich blend of sights, sounds, and sensations.

Game Excellence

As leaders in escape room manufacturing, we always aim at creating immersive games that captivate players. Our experienced team of game writers transforms innovative ideas into engaging, seamless experiences. This particular combination of our game design philosophy with the latest technology, is what makes our games unique and top-selling experiences for entertainment owners. Around the world, many satisfied customers enjoy our escape rooms, adding a new dimension of excitement to their entertainment venues.

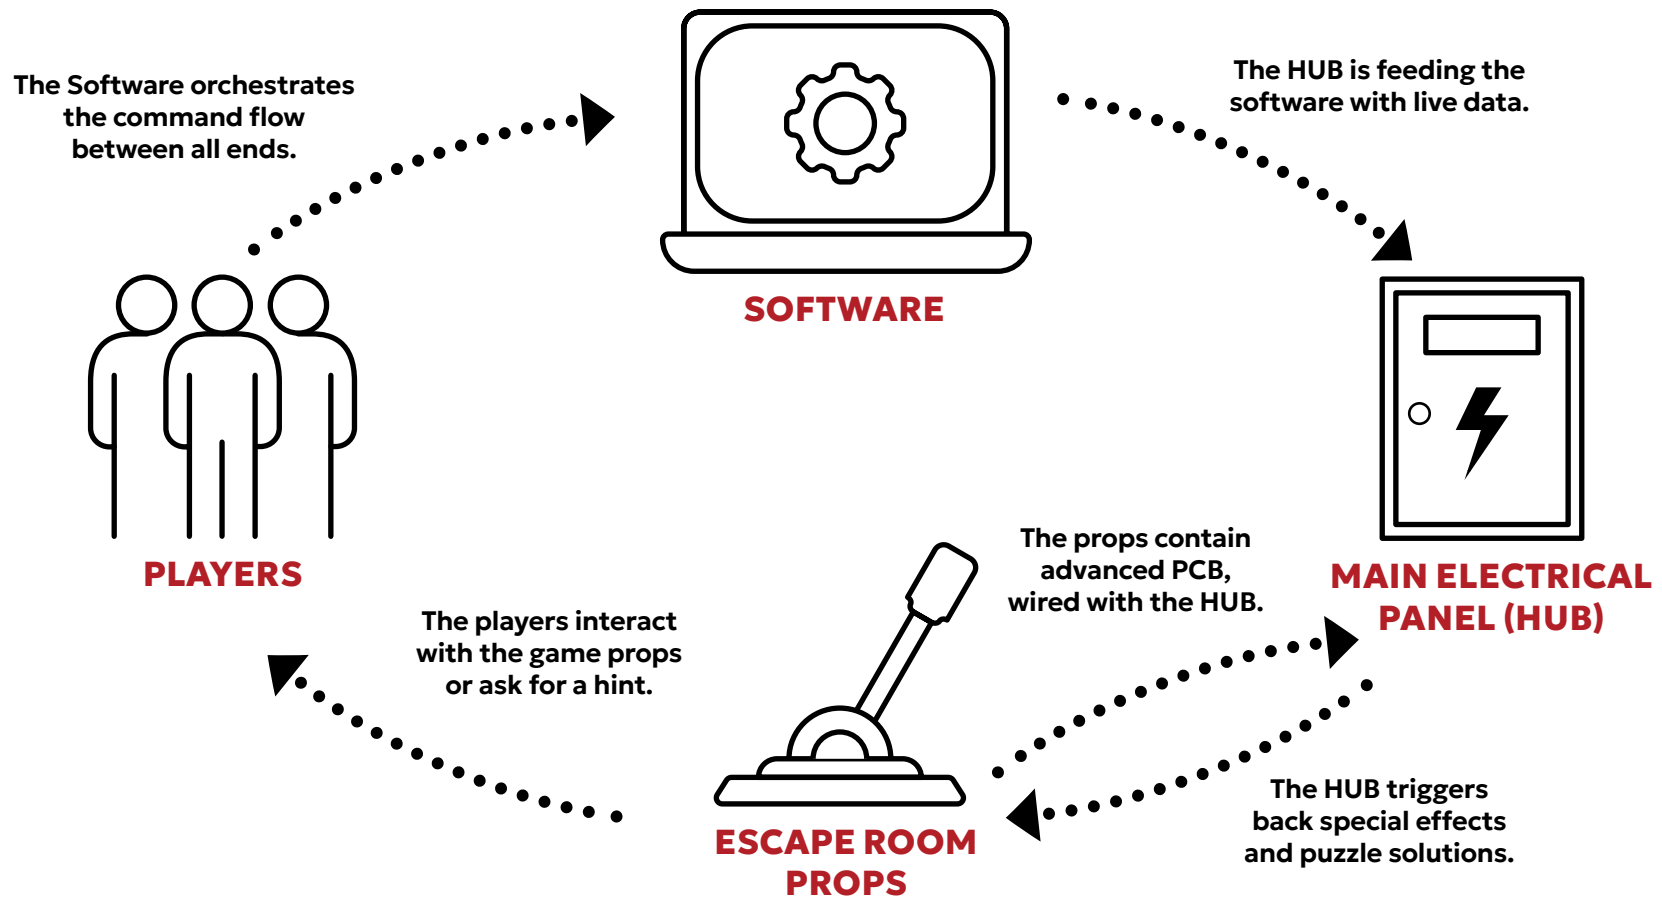

Hardware & Software

Our escape room hardware is at the cutting edge of technology. We use custom PCBs and advanced wireless tools to create smooth, immersive experiences. Centralized control comes from our electrical panel, which coordinates wiring, sound, lighting, and more, ensuring every element works in harmony. Our software syncs perfectly with the hardware, automating game functions and providing smart hints based on player progress. This allows one game master to efficiently oversee multiple rooms, reducing staffing needs while enhancing the player experience with dynamic, responsive gameplay.

Escape Room Operations Software

Quick Process

At Intelligent Entertainment, we excel in prompt turnkey escape room installations. With over 80 successful projects and 300 escape rooms globally, our experienced team delivers immersive experiences swiftly. From concept to reality, we redefine efficiency and immersion, leaving owners thrilled and players captivated.

Swift game construction, immediately upon agreement.

Express shipping.

Prompt room shaping & installation by our experts.

Thorough testing & delivery!

1 week

- ◇ Arrival of game experts & training of the staff in games operation, customer service & software operations.
- ◇ Activation of digital marketing campaigns
- ◇ Website, social media & booking system activation.

THE MINDTRAP
Intelligent Entertainment™

Partnership Solution

◇ Monthly:

Loyalty Fee: 4%
(active after 6 months)

Marketing Fee: 1%

or,

◇ Annually:

3,500€ per room

How much does an escape room cost?

It depends on the theme, the number of puzzles & special effects, and also the size required. You should expect a price range between 35,000€ and 65,000€ for a turnkey, fully functional escape room including its software & auto hint automation.

How much does your escape room partnership cost?

Our main requirement, comparing with a one-off escape room purchase, is the minimum amount of escape rooms (3) and the initial investment (150,000€). Beyond the kickstarting investment, there are two types of fees: You can choose a monthly fee settlement, for a 1% marketing fee off the venue's monthly revenue, and a 4% partnership fee off the monthly turnover. Alternatively, you can choose an annual fee settlement for 3,500€ per room.

What is the ideal location of an escape room venue?

Whether you intend to conduct your business in a small town or a metropolitan area, your escape room venue should be located at a busy market street with other food & leisure options around. It can be either a ground floor shop, a mall venue or on higher building floor, as long as the signage and billboards can be seen from afar.

Why do I have to pay loyalty & marketing fees?

You should consider fees as the pump that will keep injecting your business with innovation and competitiveness. Partnership fees enable your business to have access to a unique brand experience, proven growth & outstanding support services. The marketing fee is essential to keep designing and activating awesome campaigns tailored to your needs, and back your venue's website and booking system demands and longevity.

How much should I expect for the shipping?

Shipping varies between countries and continents, and you should be expecting a unique offer based on where you are located. Since our HQ is in Europe, shipping (as of autumn 2024) begins from 3,500€ for European countries (13.6m Truck), 5,000€ for USA & Australia (40HC Container), 2,000€ for Africa & Middle East (40HC Container). These are estimates calculated with an average volume of three (3) escape rooms material.

How long does it take for an investment return?

It depends on the location, the existing awareness of the locals on escape rooms, but mostly on the number of escape rooms built in the venue. Our records show a span of return between 18 and 30 months.

What is your marketing strategy?

Our marketing strategy encompasses a combination of digital marketing efforts, including search engine optimization (SEO), geo-targeted social media campaigns to engage with potential customers, and email marketing for customer retention and promotion of special events. In particular, especially around the opening of the venue, we activate two aggressive Google Search and Google Display Ads campaigns to ensure the digital discoverability of the new venue. Additionally, we leverage our established brand and network to implement collective marketing initiatives that benefit all franchisees.

How does your support system work?

We use a mixture of ticketing system and emergency communication lines. Our ticketing systems guarantees that any issues you are facing or potential requirements you have are being processed by our team. For emergency issues, we hold a 24/7 emergency WhatsApp hotline where you can directly explain your issue and send videos. Our experts will come back to you immediately with suggestions on how to resolve the matter.

Why should I choose partnership instead of going solo?

We know by experience that kickstarting a business in the escape room industry is a very demanding process. With our partnership solution, you will have an experienced company backing you in a wide number of constructional, administrative and operational issues that will, sooner or later emerge when entering the industry. In addition, you will gain painless access to a mixture of digital & operational tools. Finally, you should know by now that escape rooms tend to be occasionally mistreated by customers, and our 24/7 support scheme will guarantee that you won't be alone in this challenging routine by yourself.

Why choose the MindTrap over other companies?

EXPERTISE

We have reached a decade of experience in the industry from both ends, as constructors and venue owners. We know exactly what needs to be done for a successful escape room.

GAME QUALITY

A team of skilled technicians, engineers, artists & marketers is constantly pushing the creative limits of the MindTrap. Our escape rooms, aside from their captivating scenery, include mesmerising game experiences that thrill our customers.

SOFTWARE SOLUTIONS

From the auto hint & operations software till our leaderboard & Loyalty Scheme, and from our website's backend analytics till the Financial management software, we have excelled in creating a grid of interconnected apps that drastically reduce your expenses while uplifting the work experience for your staff and the game experience of your visitors.

- High quality materials & captivating themes.

Why Choose Us

Capacity

We work in a 3,000 sq.m. factory, fully equipped with heavy machinery and automations. This allows us to transform any bold entertainment ideas to unique products and services.

Quality

We are using the best quality materials to deliver results that captivate escape room players. Our work speaks for itself.

Handmade

There are dozens of people involved in our production process. Our work is carefully processed and filtered in the hands of qualified people.

Expertise

After hundreds of completed turnkey projects, we know exactly what to do and how to bring ideas into life, ensuring a speedy process.

Support

When we state that we will be there for you, we mean it. Whether it is our ticketing system or direct communication, we stand by our customers' needs. Our customers know our people by their first name.

PRE-INSTALLATION PREPARATIONS FROM YOUR END

- ◇ The configuration of the reception and common areas, in accordance with the seller-designer's suggestions.
- ◇ The venue's electrical equipment and wiring, according to our floor plans and electrical plans finalized for you.
- ◇ The air conditioning and ventilation systems of the venue.
- ◇ The fire hazard prevention equipment and extinguishers.
- ◇ The configuration of the rooms entrances and exits, windows, floors and the space's walls/drywalls construction in general.
- ◇ The transportation of waste produced in the course of works carried out, away from the business premises, or the presence of a waste bin outside the venue for as long our team installs the games to your venue.*
- ◇ The unloading of the truck containing the delivered material, and the placement of the packages to the floor installation position.*

For all the above requirements, you will receive specific guidance, manuals & documentation by us.

** In case you choose full price escape room(s) that are installed by our operations team to your venue.*

FAQ

WHAT DO I GET?

The Escape Room-only solution provides all the escape room assets for your venue. The Partnership Solution includes “The MindTrap” trademark logo and business solutions. Both have standard and full room options.

WHAT ISN'T INCLUDED?

Packing, delivery, staff transport, accommodation and board are not included. We will provide customized offers based on your location.

WHAT IS THE DIFFERENCE BETWEEN STANDARD AND FULL PRICE??

Standard is the price that contains the game scenario, the game elements & constructions, the main electrical unit (HUB) and the Autohint System.

The full price option contains the above, plus all the themed styrofoam & timber wall constructions, the stage and set design, and the installation of all the above to your venue.

SHALL I EXPECT ANY OTHER FEES?

Escape Room-only Solution: Fees are noted at page 53. Partnership Solution: You can check page 28 for The MindTrap fees. You should not expect any additional fees beyond those.

HOW DO I INSTALL THE ROOMS MYSELF?

You'll receive detailed manuals and guides. Our constructions are plug-and-play. We provide technical details & close support before installation.

IS THERE A WARRANTY?

All constructions and electrical compartments come with a 1-year warranty. Our support team is responsive and will guide you through troubleshooting. We also offer replacement parts to ensure smooth operation.

WHAT SHOULD I KNOW ABOUT THE DELIVERY?

We prioritize organized and secure packaging. Delivery costs depend on weight, dimensions, location and mode (truck, aircraft, ship). We always work hard to find the best solution with the least possible expenses for you.

WHAT ARE THE PAYMENT TERMS?

We require a 50% initial payment to start. After the manufacturing of all the escape room assets, we deliver to the transportation company, and the remaining 50% is deposited. The full-price room requires payments of 50%, 30%, and 20% at different project milestones.

Play the missions.

Challenge yourselves. Become Agents.

Our Agent Factory games in Dorsten, Germany.

At **Agent Factory**, embark on thrilling missions in a covert training ground led by the notorious mutant super-spy, Agent-X.

Test your skills, complete exciting missions, and earn your secret agent certificate. Join the elite ranks of secret agents and get ready for the ultimate challenge that will push your limits and leave you craving for more.

Step into the world of espionage and action -

Are you ready?

HOW TO PLAY

1

Wear your agent RFID wristband. It will be used to navigate you around the game missions and track your performance.

2

Get inside a mission, choose difficulty and begin the game.

THE AGENT FACTORY EXPERIENCE

Unleash the Ultimate Espionage Mission at Agent Factory! Nestled in an abandoned factory, our thrilling indoor entertainment experience immerses players in covert operations. Enveloped in Agent X's rich lore, become elite secret agents as you navigate the state-of-the-art training ground. RFID wristbands track your progress, making the mission interactive. Test your skills with challenges, daring rescues, and mind-bending puzzles. Expert instructors push your limits, honing your wit and teamwork. Elevate your venue with Agent Factory - an unforgettable, ageless experience, as guests transform into secret agents, creating memories that last!

3

Try to beat the clock playing a variety of missions, including physical, skills and brain quests.

4

When you succeed, visit a different mission. There are plenty to play at!

5

Measure your points at the live scoreboards at the venue. Don't stop before winning the precious Agent Certificate!

THE SOFTWARE

Agent Factory runs on a cutting-edge software combining RFID, IoT and cloud technologies. Our software ensures seamless connectivity and optimal performance.

Player profiles, team stats, high scores and more are stored through RFID wristbands on our cloud server.

Touchscreens, wristbands and missions seamlessly exchange data, providing an immersive experience.

The venue management is made easy through a simple admin interface, tracking player data and payments.

Players can access their profiles, view stats and high scores, and enjoy loyalty rewards on the website.

On the registration screens, the players can quickly enable their wristbands and create their team.

Outside each mission, players can see the availability on the screen and scan their wristbands to enter.

Inside the mission, the team can choose the difficulty and check the game time running.

Across the venue, scoreboard screens are displaying live results and leaderboards.

Our operations software allows the venue staff to accept payments, edit the game details & function the customer experience smoothly.

WHY AGENT FACTORY

Agent Factory is the epitome of 21st-century venue entertainment. Its unique blend of an agent mission theme in an industrial setting, exciting game objectives, thrilling pace and state-of-the-art software automation make it a prime business opportunity.

- Minimal staff expenses and operational costs.
- Unique game concept, easy to promote.
- Accommodates large player numbers, up to 90 players.
- Turnkey solution including game missions, software & loyalty platform.

COMMITMENTS

We will deliver to you our detailed documentation of the venue in guidelines, manuals & plans. Based on them, you will have to prepare some infrastructure, prior to our arrival to install your new entertainment center:

- The configuration of the reception and common areas, in accordance with our suggestions.
- The supply of the main/high electricity panel of the space.
- The electrical & data cabling ending up on each separate mission, based on our delivered plans.
- The venue's air conditioning & ventilation system.
- The drywalls of the venue, according to the plans.
- The installation of fire security & venue exit doors / fire & safety.
- The painting/configuration of the main surrounding walls, if desired.
- The transportation of the game props from the loaded truck to the exact indoor construction location.
- the transportation of waste/debris from the business premises, or the presence of a waste bin outside the venue for as long our team installs the games to your venue.

FAQ

⚙️ How does Agent Factory compare to other entertainment offerings?

Agent Factory stands out because it offers a truly 360-experience. The players can enjoy competitive socialising thanks to the RFID wristbands and the software that measure their game stats. In Agent Factory, players are directed by the interactive screens and play the game without the necessity of staff guiding them, while the owners can administrate the game and the daily finances with just a few clicks.

⚙️ How does Agent Factory work?

Participants become elite secret agents and embark on a series of thrilling missions led by the notorious mutant super-spy, Agent-X. The game utilizes RFID wristbands for an interactive experience, allowing players to track their progress through the exciting challenges.

⚙️ Who can play?

Agent Factory is accessible for a wide age range. We suggest a minimum age of 9 years old.

How much should I expect to invest?

— 15 Agent Factory missions, which is the minimum project number, come at the price of 330,000€. Beyond this, you should expect a monthly marketing fee at 500€ and a license fee at 1€/player, or alternatively an annual all-included 25,000€ fee.

How can the Loyalty Scheme benefit my venue?

— The Loyalty Scheme offered by Agent Factory adds a game-changing element to your venue. It incentivizes customers to return for more thrilling missions, as they accumulate points, rewards, and exclusive benefits, fostering customer loyalty and driving repeat visits.

Is Agent Factory easy to integrate into my existing entertainment venue?

— Yes, absolutely! Agent Factory is designed to be easily integrated into your entertainment venue. Our team will assist you in setting up the experience, and our experts will ensure a seamless process for your guests.

PUTT YOUR MIND INTO THE FUN!

PUTT YOUR MIND INTO THE FUN!

The MiNiD golf

Mini
GOLF
COURSES

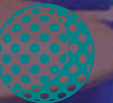

The background of the page is a photograph of an indoor mini-golf course. The scene is dimly lit with blue and purple ambient lighting. In the foreground, a mini-golf hole is visible with a clown-themed obstacle featuring a large, stylized clown head with red hair and a wide, toothy grin. The title 'The MIND golf' is overlaid on the right side of the image. 'The' is in a small, white, cursive font. 'MIND' is in large, bold, teal letters with a white outline. 'golf' is in a white, cursive font. A golf club is integrated into the letter 'I' of 'MIND'.

The MIND golf

A cutting-edge indoor mini golf experience that takes entertainment to new heights. With 18 themed mini golf courses, RFID wristbands, and innovative touch screens, MindGolf brings modernity and automation to the classic game of mini golf. Step into a world of high-end theme design and interactive gameplay, where players can engage into competitive socializing, track their progress, and immerse themselves in a variety of captivating themes.

HOW IS IT PLAYED?

1

Gear up with an RFID wristband to activate courses and engage with touchscreens, unlocking interactive mini golf adventures.

2

Choose your course effortlessly on the touchscreen interface, building excitement for the upcoming game.

3

Keep track of your scores and view the leaderboard on the touchscreen as the game unfolds, driven by your competitive spirit.

4

Conquer each course, moving on to the next with a simple touch, while our intelligent software records your progress.

MindGolf offers a truly unique mini golf experience that sets it apart from its competition. With its state-of-the-art RFID wristbands and touchscreen UI, players enjoy a seamless and interactive journey through the themed courses. No longer burdened by handwritten scores, they can focus on the thrill of the game and relish the convenience of real-time score tracking.

MindGolf's diverse selection of 18 thematic mini golf courses, inspired by popular fair themes and retro gaming nostalgia, ensures an unforgettable adventure that appeals to all age groups.

THE SOFTWARE

Central to the **MindGolf** experience is our sophisticated software, specifically designed to enhance every aspect of the game.

This software serves as the backbone of the venue's operations, streamlining registrations, game management, payments, leaderboards, and more. It empowers receptionists with seamless hosting capabilities and equips venue owners with invaluable insights into financial performance and customer statistics.

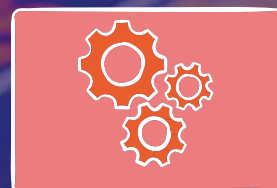

SAY GOODBYE TO WAITING TIMES AND MANUAL SCOREKEEPING, AS PLAYERS CAN SWIFTLY TRANSITION BETWEEN COURSES WITH JUST A SCAN OF THEIR WRISTBANDS.

User-friendly touchscreen interface for easy team registration, game launches, and score tracking.

Real time performance tracking, providing instant updates on scores, leaderboards, and standings.

Streamlined venue management with the operations HTML backend software, handling registration, payments, leaderboards, and valuable game statistics.

Intuitive design and functionality, loved by players and venue owners alike.

The background image shows a colorful indoor entertainment space. On the left, a large, leafy tree is illuminated with green light. In the center, there are wooden benches and a bright yellow wall. To the right, a 'DUCK HUNT' arcade game is visible, featuring a red and white striped backdrop and yellow duck targets. The ceiling has exposed pipes and modern lighting fixtures. A large orange wavy line curves across the lower half of the image, separating the header from the list of benefits.

WHY MiNDGOLF

Smart business choice for entertainment centers.

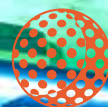

Diverse themes and nostalgic appeal for a broad audience.

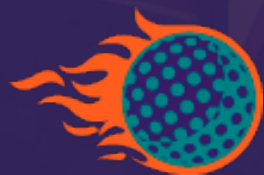

Streamlined operations that optimize staff efficiency.

Cutting-edge technology and captivating themes attract all ages.

Reliable and profitable investment for entertainment businesses.

FAQ

Is it turnkey?

Yes, we provide everything needed to get the game going, including courses, operations software, and touch screens.

You'll need to prepare shared spaces, electrical plan, AC system, venue walls and exits for your venue.

Timeline to venue opening?

Your venue to be ready to be shipped within 90 days from the initial deposit.

What price range should i expect?

Projects require a minimum of 9 courses; a 9-courses venue would cost 135,000€ while an 18-courses venue would come to 225,000€.

Are there any hidden expenses?

No unexpected expenses, but there is an annual 2,500€ license fee for using the software and the support that comes with the game.

Transportation costs may vary for countries outside the EU and/or overseas.

Will it be profitable?

Yes, MindGolf offers a high-quality, low-cost, themed mini golf adventure for all ages.

Players are encouraged to explore various missions, increasing capacity for a quick and steady cash flow.

Any unexpected operational costs?

No, we commit to replacing any corrupted or broken game elements.

Our environment-resistant carpets require typical cleaning and the unified venue operation via software reduces staff expenses.

YOUR COMMiTMENTS

OUR MINIATURE GOLF COURSES WILL REQUIRE SOME PREPARATIONS FROM YOU PRIOR TO OUR ARRIVAL TO INSTALL YOUR NEW ENTERTAINMENT VENUE.

More specifically:

- The painting of the reception and common areas, in accordance with the seller-designer's suggestions.
- The venue's electrical equipment, according to our floor plans and electrical plans finalized for you.
- The installation of shared space's carpets.
- The main bar equipment, renewables, beverages & food supply.
- The air conditioning and ventilation systems of the venue.
- The fire hazard prevention equipment and extinguishers.
- The configuration of the room entrances and exits, windows, floors and the space's walls/drywalls & construction in general.
- The transportation of waste/debris from the business premises, or the presence of a waste bin outside the venue for as long our team installs the games to your venue.
